### MORE ABOUT THE WASH AID TO STORM VICTIMS

#### BEAUTIFYING OF SURROUNDINGS AS WELL AS UTILITY CONSIDERED IN PLANS

The Evening News has devoted considerable space the past few days to the work on the Verdugo Wash for the reasons that it is an improvement long needed for the city's safety and that it will be, when fully completed, both a commercial and scenic feature. With this menace in flood times harnessed a considerable section of the city will be made safe for residence building. In February, 1914, three buildings on Arden avenue tumbled into the raging flood waters that filled the Wash from bank to bank and one of these houses was a total wreck. For a long time afterward property on that beautiful street could not be sold at any price for fear of a repetition of the disaster. The improvements now in progress will make property bordering the Wash as safe as any in the city.

G. E. Daley, the energetic young engineer in charge, believes in keeping people of the city thoroughly informed on all the plans for the improvement and he has taken pains to give out information to the Evening News in order that its readers may be posted. The details of the work are left largely in Mr. Daley's hands and the only stipulation of Mr. Reagan is that he show the results desired. The plans are twofold—to provide a channel hedged in by solid walls to make a break through and consequent flooding of adjacent territory impossible; and to so beautify the surroundings that adjoining property will be desirable. So from a point 300 feet east of the Louise street bridge as far west as Columbus avenue the center channel will be 60 feet wide, hedged in on either side by solid walls, composed of two rows of wooden piles and 2-inch steel pipe 6 feet apart filled in between with brush and bowlders and laced over the top with heavy wire. A fence of wire will extend down the inside wall and two feet into the channel, thus binding the whole into a compact mass. It is 9 feet from the outer row of piling on each side to the property line, as the wash proper is 90 feet wide, and along these spaces rows of trees will be planted, of some quick-growing varieties, and irrigating ditches be run down on either side of them so they can be watered by connecting the fire hose with a convenient hydrant and turning on the water. These rows of

(Continued on Page 3)

#### WARSHIPS TO WINTER IN L. A. HARBOR

Glendale people who did not get to see the fleet and go on board some of the warships during the recent visit to these waters will have ample opportunity later on to see a part of it at least, for the New Mexico, Idaho and Mississippi, all dreadnaughts, are now on their way from Seattle to winter in the harbor at San Pedro.

#### MOTORMAN HAS NARROW ESCAPE

According to the story of a passenger on the 9 o'clock Glendale car outbound from Los Angeles last Sunday evening, two large bolts which had been suspended from the trolley wire just the other side of Ivanhoe crashed through the front window of the car, just missed the motorman and fell on the floor some distance back of him, grazing the shoulder of a passenger as they dropped. Anyone who will stoop so low as to do such an abominable act should be run down and get the punishment he deserves.

### CAN'T SPEND MONEY

#### OAK STREET RESIDENTS ANXIOUS FOR STREET IMPROVEMENT, BUT DENIED

It is not often that people are denied the privilege of spending their hard-earned money, but such is the condition on Oak street, west of Pacific avenue. That part of the street has needed paving and some sidewalk construction ever since and before it came into the city and the property owners have petitioned almost unanimously for the improvement, but are put off until new water mains can be laid. They are the more anxious for the fact that every winter the street is torn up by flood waters, after even light rains as there is quite a slope from Central avenue west and the drainage from Pacific avenue south is a good deal of it diverted down Oak street, and at times it is impassable. The street is considerably disfigured now by heavy growths of weeds.

#### MRS. M. F. SMITH WILL GLADLY FORWARD SUPPLIES TO CORPUS CHRISTI VICTIMS

Mrs. M. F. Smith of 624 South Central avenue, formerly lived in Corpus Christi, Texas, which was recently devastated by a fierce Gulf storm, hundreds of its people killed, and other hundreds rendered homeless, and she is well acquainted with many of the residents. She is preparing to send some clothing and other needed supplies to the stricken city and will be glad to include in her shipment any similar offerings from Glendale people who would like to give some help in this terrible emergency. Mrs. Smith will pay express charges on the shipment and she will send to responsible people who will see to an impartial distribution. Mrs. Smith's phone number is 2098-R. Either take your offerings to her home, 624 South Central, or phone her to send for them. And do not delay as the shipment should be started at the earliest possible moment.

#### BE SURE YOU REGISTER

Mrs. Bott at the Glendale Book Store, 113 South Brand boulevard, and Mrs. Myton in the office, first door south of the Bank of Glendale, at the corner of Broadway and Glendale avenue, are authorized to issue registration certificates to all persons who are not already eligible to vote.

If you have registered since Jan. 1, 1918, and have not changed your residence since that date you are entitled to vote, but if in the meantime you have changed your precinct residence, you must have the change made on the registration records.

The law requires your residence in the state one year; in the county 90 days and the voting precinct 30 days.

#### WOMAN'S CHURCH DAY AT PRESBYTERIAN CHURCH

From 10 a. m. until 4 p. m., Tuesday, there was "something doing" every minute at the regular monthly meeting of the Woman's Society. Two sessions were held at 10 a. m. In the work room Mrs. W. J. Smith and her helpers were busy sewing for the work department. In another room Mrs. R. W. Cleland of Eagle Rock, president of Los Angeles Presbyterial, met all the officers of the various departments. She outlined the work for all these and heard their reports for the past six months.

At noon the Lunch Committee, under Mrs. R. D. King's chairmanship, served a three-course dinner in the dining-room. Tables were set for ten each, sixty guests being served.

Immediately following this a short business session was held. The addresses of the afternoon were given by Mrs. Cleland, Miss Donaldina Cameron of the Mission Home in San Francisco and Mrs. Adams. Miss Cameron in a few well-chosen words told of the wonderful work the Mission Home and Tooker Memorial Schools are doing for the Chinese girls in San Francisco and Oakland.

Mrs. Adams read extracts from letters from India, written by her daughter, Mrs. Pearl Adams Dressler.

#### STEPPED ON WRONG PEDAL

R. L. Holland, of Arden avenue, met with a peculiar accident the first of the week. He had bought a fine new Nash touring car and was taking his initial ride in it. Not yet being used to all the "stops" of his new organ he stepped on the gas when he meant to apply the brake. The result was an amazing jump which took the car over an eight-inch curb and a ridge behind it. When the car stopped it was balanced across the ridge with all four of the wheels in air. An inventory showed a bent running board, damaged fender and a cracked axle. All these wounds were magically mended by Jack Lawlor, the expert Nash doctor, and the car is again as good as new.

#### FEDERAL GRAND JURY PROBES H. C. L.

The Federal grand jury begins today in Los Angeles an exhaustive probe into the causes of high prices prevailing for foodstuffs and clothing. Profiteering charges will be investigated and the alleged destruction of fruit, tomatoes and the like to keep down the supply and thus keep up the price. In this connection it is announced that Attorney General Palmer is positive he has ample evidence to convict the big packers of an organized conspiracy to keep prices high by putting immense quantities of fresh and salt meats, eggs, butter and the like in storage.

### DEFENDS LEAGUE OF NATIONS

#### SAYS DECISIONS MUST BE UNANIMOUS SO ONE VOTE OF U. S. WILL COUNT AS HEAVILY AS BRITAIN'S SIX

(Special Service to Glendale Evening News)

SAN FRANCISCO, Sept. 18.—Answering questions propounded to him by the San Francisco Association for the League of Nations, President Wilson today declared that the reason the British Empire has six votes in the League of Nations is that the self-governing parts of the empire are autonomous countries except in the matter of foreign relations and that their policies are independent of and often disagree with English policies.

He declared that it is untrue that these six votes give England a chance to outvote the United States in the League because a unanimous decision is necessary and one vote of the United States counts as heavily as Britain's six.

The President maintained that it is not true that foreign nations can order American troops into foreign service through the League and that the right of Congress to determine such matters is unimpaired.

In regard to the Shantung case he declared the League of Nations will have the power to effect a hasty return of the Shantung province to China and that the League will constantly safeguard the policies and the territorial integrity of the Chinese nation.

The President declared there is nothing in the League of Nations that will obligate the United States to support England if Ireland should revolt and he said the League provides a forum where Ireland can come and present her claims for independence.

### STEEL WORKERS TO STRIKE

#### UNION LEADERS ANSWER LETTER OF JUDGE GARY WHO REFUSES TO CONFER WITH THEM

(Special Service to Glendale Evening News)

PITTSBURG, Sept. 18.—W. Z. Foster, secretary, and Chairman Fitzpatrick of the Steel Workers' Union conference, declared today: "The men are going to strike. We do not see anything that can stop them."

Fitzpatrick declared that the conference of leaders of the twenty-four steel workers' unions is no longer discussing the question as to whether there will be a strike, but it is actually planning the details of the walk-out.

Union leaders today issued a statement answering the letter of Judge Gary of the United States steel corporation in which Gary had refused to confer with union representatives. The union statement declared that if Gary's claim that union representatives are not real representatives of the employees constitutes his real reason for refusing the conference it is "not sufficient to plunge the industry into a great labor conflict."

### DEATH TOLL GROWS

#### RAIN HAMPER WORK OF CARING FOR REFUGEES IN CORPUS CHRISTI BAY DISTRICT

(Special Service to Glendale Evening News)

CORPUS CHRISTI, Tex., Sept. 18.—The hurricane death toll is still uncertain, but the latest estimates vary from 300 to 604.

A report from Aransas Pass says 350 are dead in Port Aransas but it is impossible to confirm the statement.

Rain has forced the military authorities to abandon temporarily the construction of a tent city for a refugee camp.

### PERSHING WELCOMED AT CAPITAL

#### HAILED AS MAN WHO "LED THE MOST IMPRESSIVE SPECTACLE IN ALL THE ANNALS OF WAR"

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 18.—Congress extended an enthusiastic and formal reception to General Pershing today.

Senator Cummins for the vice-president greeted Pershing as the man who "led the most impressive spectacle in all the annals of war."

### OPPOSES UNIONIZING POLICEMEN

#### PRESIDENT WIRES WASHINGTON THAT HE IS NOT IN FAVOR OF POLICEMEN ORGANIZING TO ENFORCE DEMANDS

(Special Service to Glendale Evening News)

WASHINGTON, Sept. 18.—President Wilson telegraphed to Washington today that he flatly opposed the unionizing of the police force with a view of using pressure to enforce demands.

### QUIET DAY FOR PRESIDENT

(Special Service to Glendale Evening News)

SAN FRANCISCO, Sept. 18.—Today was an extremely quiet day in President Wilson's visit here. It was also the close of his stay, as today he crossed the bay to spend the late afternoon and tonight in Oakland and Berkeley.

Following his speech last night, Wilson rested all forenoon at the St. Francis hotel, attending to private business matters, and taking only a short auto ride, with no speeches. At noon, he went to the Palace Hotel for his third speech in San Francisco.

### UNIQUE OPENING

#### BRILLIANT RECEPTION MARKS OPENING OF COOKSEY-MACMULLIN STUDIO

The rooms of the Cooksey-MacMullin photographic studio in the new MacMullin building, 215 North Brand boulevard, were thrown open for a reception to the public Wednesday afternoon and evening, the occasion being the opening of the studio. The rooms, arranged especially for a photographic studio, and newly furnished, were all thrown together by the opening of the French doors for this event. Dahlias of many colors, palms and ferns, were used profusely in decorating, the effect being brilliant and beautiful. The guests were received in the studio reception room which is furnished in mahogany and hung with rose draperies.

Friends of Mrs. Cooksey and Mrs. MacMullin and others interested thronged the studio during the hours of the afternoon and evening. A group of little girls from Mrs. Keller's school entertained the guests most delightfully while Miss Viola Yorba added to their pleasure with piano solos. Punch was served.

The visitors were greatly interested in the wonderful exhibit of pictures, the work of the Cooksey-MacMullin studio. This exhibit was a revelation to many who did not know that art of such a high character could be produced with the camera. The colored display attracted special attention and won unstinted praise.

The wonderful equipment of the studios including operating room, dark room, etc., were open to inspection and the visitors were also interested in this.

Mrs. MacMullin and Mrs. Cooksey feel from the response of the public yesterday that Glendale will appreciate this new home for artistic photography.

#### GUARD OF HONOR FOR PRESIDENT

Any of Glendale's former service men, whether they were soldiers, sailors or marines, who wish to form a part of President Wilson's guard of honor on Saturday, should write at once to Major Seth E. Howard, 206 Hosfield Building, L. A., at once. It is planned to have the President's route from the Santa Fe station to the Alexandria hotel, lined on both sides for the entire distance by service men. All will be in uniform. They are to gather at the corner of Second and Vignes streets, one block north of the station, at 11 a. m. Major Howard will be in charge of the men. One of the greatest ovations ever given a public man is planned for this occasion.

#### DEATH OF LEONORA ROWAN-TREE

Glendale friends of Miss Leonora Rowantree will be grieved to hear of her death, Wednesday, at the home of her sister, Mrs. J. J. Freeman, 152 West Forty-fifth street, Los Angeles. Funeral services will be held at the Moneta undertaking parlors, 4254 Moneta avenue, at 2 o'clock, Friday afternoon. Burial at Inglewood cemetery.

#### BIG FIRE ON OLD BALDY

Fierce forest fires on Mt. Baldy this week destroyed several camps and much fine timber. This is a favorite summer resort for many Glendale people, who are greatly concerned over this second calamity that has befallen that section recently. Winter before last floods destroyed the road leading to Camp Baldy and did considerable other damage.

### SUDDEN DEATH

#### MRS. THOMPSON H. CHRISTY HAS RELAPSE FOLLOWING OPERATION, EXPIRES

Mrs. Thompson H. Christy died very suddenly last night as the result of an operation for appendicitis on Saturday, September 7th. Previous to that time she had been in the best of health, happy and joyous. She was stricken down very suddenly with appendicitis in its worst form and hurried to an operation. She seemed to be recovering, but a sudden relapse yesterday carried her off. She was about 50 years of age, and was a valued member of and worker in the First M. E. Church. Mrs. Christy and her husband, who is a brother of S. W. Christy, the grocer, came to Glendale a year ago from Selma, Fresno county. Her maiden name was Mary Etta Helton. Funeral services will be held tomorrow, 2 p. m. in the Little Church of the Flowers, Rev. C. H. Scott officiating and the Pulliam Undertaking Co. in charge.

### REV. SCOTT HOME

#### BRINGS HOPEFUL MESSAGE AFTER VISITING BIG INDUSTRIES OF EAST

Rev. C. W. Scott returned Thursday morning over the Santa Fe after a several weeks' trip through the larger cities of the east in the interest of welfare work. He was met at Pasadena by his family and says he is more enthusiastic than ever about Southern California.

He had a delightful trip throughout. Everything seemed to work out for his pleasure. He happened to be in New York the day General Pershing arrived and he had left Boston before the policemen struck.

He visited a large number of the big industries, in Chicago, Detroit, Dayton, Cincinnati, Washington, D. C., New York, Boston and Niagara Falls and was immensely pleased and gratified with the things he learned in connection with his errand to these places. He found that the many things he had read about the welfare work in some of the large plants didn't begin to describe the extent or the importance of the work. He feels that the organized industry of the country is opening the way to the solution of the human welfare problem that will work itself out naturally in the rest of society. The highly organized and centralized character of the big industries enable them to get at the needs of their employees. They use the same scientific methods in working out the human problem that they do in working out their business problems.

One of the most delightful features of his trip, Rev. Scott says, was the people he met. He became acquainted with many of the executives of big enterprises and was charmed with their personalities. He has a feeling that with the big affairs of the country being managed by men of the calibre of those he met we can't be as near the rocks as some people would have us suppose.

Rev. Scott will appear before a group of educational workers at the University of Southern California this afternoon and give them an outline of his deductions from what he saw on his trip.

#### MRS. TARR IS OPTOMETRIST

The many friends of Mrs. O. W. Tarr will rejoice with her in the completion of her course at the Medical School of Optometry in Los Angeles from which she graduated last Thursday. She has worked very hard and finished her course with very creditable grades. For the present she is resting in the new home which she and Mr. Tarr recently purchased and of which they have just taken possession at 713 South Glendale avenue.

### IN HONOR OF SON

#### MR. AND MRS. FRANK R. LIDDELL ENTERTAIN PEOPLE FROM LASKY STUDIO

Mr. and Mrs. Frank R. Liddell, of 534 North Kenwood street, entertained a group of famous people last night in honor of their son, Frank R., Jr., who is connected with the Lasky studio as a camera operator and who recently returned from overseas service where he was engaged in the same kind of work for Uncle Sam. The guests were Miss Jeannie Macpherson, scenario writer for Cecil DeMille, of the Lasky Studio, and her mother, Mrs. Claire O'Neal, Wallace Read of the same studio, Mr. and Mrs. Frank Erson, Mrs. Treen, Miss Kathleen Terry. A musicale and dancing were enjoyed.

#### NAUDAIN ARRANGES LIGHTS

The ladies who gave the benefit for the Community Sing at the home of Mrs. Ella Richardson last Friday evening, feel very grateful to Mr. Naudain of the Glendale Electric Co. who donated his services and considerable material in arranging the lights for the affair. They wish to make public acknowledgment of their gratitude to Mr. Naudain.

#### DON'T FORGET COMMUNITY SING

Alexander Mitchell informs the Evening News that he has word from Prof. Hugo Kirchoffer that he will certainly be in Glendale tonight to direct the Community Sing, which opens for the season in the High School Auditorium at 8 o'clock. It is hoped that every member of last season's chorus will be present and many new singers so that a fine start may be made.

WEATHER FORECAST—Fair except cloudy or foggy along the coast tonight and in the early morning.

## AMERICA THE DOMINANT NATION

Great Britain, as respects glory, as respects the moral elevation that comes from sacrifice in a fine cause, is right now at the peak of her history; and one shrinks from admitting that the very sacrifices which brought the glory brought also economic changes which will cause her to lose her position as dominant nation of the world. But that is so; and to fail to see it or say it, is merely indulging in sentiment and taste at the expense of an important historic fact.

The line of dominant nations is like the line of prize fight champions; they rise, they seize the place; they enjoy the prestige for a period, and then a new champion comes. Within the last six centuries Portugal had the position, and Spain took it away; Spain held it for more than two centuries, during which she discovered and colonized most of America; then Spain lost it to Holland, and Holland in turn lost it to Great Britain. Now Great Britain is in process of losing it to the United States.

The singular fact however, is that this present passing of dominance is not a case of an old champion losing the belt in a final fight against a younger challenger. All the other historic cases of the passing of dominance have been marked by a great war between the two rivals. But in the process by which Great Britain is losing her dominance, she and the nation that is taking the prize from her were not rivals, but partners. We did not fight Great Britain for it; Germany and fate thrust it upon us. That is a fact that should make us as modest as it is possible to be and considerate in the exercise of our new supremacy.

Germany started to seize Great Britain's place in the sun by force of arms; she failed to get it for herself, but she did deprive Great Britain of it. By virtue of the economic changes wrought by the war, dominance comes to America. And when the London Statist says that the United States will be the first of existing nations "within the present century," that is merely a way of stating it softly. The fact is that America is the greatest of existing nations today.

## MEMORIAL TO THEODORE ROOSEVELT

Preliminary plans for Southern California's participation in the national campaign for funds for a memorial to Theodore Roosevelt were made at a luncheon at the City Club, Los Angeles, Tuesday, Sept. 16, attended by members of the committees that will have charge of the drive for money.

Marshall Stimson, chairman of the committee, presided at the luncheon.

He explained the purpose of the drive as being to get as large a number of persons as possible to make moderate contributions. It was emphasized that it is not purposed to endeavor to get large contributions from a few men of wealth.

Mr. Stimson pointed out the value of the memorial in Americanization. "It will lead to good citizenship," he said, "for many persons will take a patriotic pride in it and it will thus tend to stabilize sentiment and conditions."

The meeting pledged enthusiastic support to the campaign and authorized Mr. Stimson to appoint an executive committee to take charge of the work. The personnel of this committee will be announced within a few days.

The quota for Southern California will be \$85,000. Quotas for the cities have not been decided yet.

Following are the county chairmen for the campaign: San Diego, Col. Ed Fletcher; Orange, Joe Burke; Riverside, P. Clarke; San Bernardino, R. L. Riley; Ventura, F. W. Crow; Santa Barbara, Charles F. Blackstock; Imperial, Phil D. Swing.

In addition to directing the work throughout Southern California, Mr. Stimson will act as chairman of the Los Angeles County organization.

The D. M. Linnard million dollar hotel rumor has reached Santa Barbara. Almost every town in Southern California has now had its turn at that rumor, and the million is still intact.

## REST FROM PRICE WORRIES

Here is a soothing picture for contemplation in the midst of all the unrest, discontent, H. C. L. discussion and peace treaty argument. It is taken from the National Geographic Magazine, and is Herschel's description of our solar system in terms which may be easily grasped by an ordinary human being.

"Imagine a circular field two and a half miles in diameter; place a library globe two feet in diameter in the very center; eighty-two feet away put a mustard seed. The globe will represent the sun and the mustard seed Mercury.

"At the distance of 142 feet place a pea, and another at 215 feet. These will represent Venus and the earth, both as to size and distance. A rather large pinhead at a distance of 327 feet will speak for Mars, and a fair-sized tangerine a quarter of a mile distant will stand for Jupiter. A small lemon at two-fifths of a mile will play the role of Saturn, a large cherry three-fourths of a mile will answer for Uranus, and a fair-sized plum at the very edge of the field will proclaim Neptune."

One would rather not go into the actual distances and dimensions in his first lesson. The two and a half mile field with its variegated assortment of planets is interesting enough and incomprehensible enough to hold the attention for a few minutes.

Anyone who will go out into his back yard on the next clear night and try to locate the members of this vast system that are on exhibition is guaranteed an evening's entertainment free of cost and a brief period of complete forgetfulness of the price of shoes and butter and fruit in season, and of the interminable arguments in Washington.

## FINE BUILDING RECORD FOR BURBANK

Our neighboring city of Burbank is quite proud of its last Monday's record in building permits which totaled \$250,000. The Moreland Truck Company took out permits for

factory buildings of steel and cement construction. They are also to begin work at once on a big office building of the same style of construction which will be located just over the city line, so no permit was necessary.

## Stationery and Office Supplies

We want you to think of Gilman's when you hear the word stationery as we have put in a stock of the finest Boxed Paper and Cards, in all the new tints and styles, that we could buy.

## Personals

Kemper Campbell, who lives next to the corner of Laurel and Brand, has bought the corner lot and will beautify it with an Italian garden.

Rev. Clifford A. Cole, pastor of Central Christian Church, has been wrestling with a summer cold for more than a week and had to go home from the church last evening on account of it. He is somewhat better today.

J. R. Baker, until recently of Santa Ana, is now located at 331 North Maryland, Glendale. Mr. Baker is at the head of the Commercial Department in Glendale Union High School, the position formerly held by Mr. Sawyer.

Mrs. Minnie Dixon, and her son-in-law and daughter, Mr. and Mrs. Charles Cress, all of Caldwell, Idaho, are here visiting Mrs. Ray Sanford, in Sycamore Canyon. Mr. and Mrs. Cress expect to stay in the Southland all winter.

G. E. LeClare has his unique little refreshment stand in the brick and tile building at the corner of Brand and Colorado open for business. He expects to have a regular ice cream and soda dispensary and will have something to say to readers of the Evening News very shortly about it.

A grass fire near the Pacific Avenue School building shortly after noon Wednesday called out engines 1 and 3 and the chief's car. The first glimpse the firemen got of it led them to think it was the school building, but happily this was not the case. No damage was done except to the dried weeds and grass.

Norman Whytock left Tuesday for New York City, where he will engage in journalistic work. Norman served throughout the war as a lieutenant and saw service overseas. When he returned he was offered a position in the Glendale Grammar School where he formerly taught, but preferred to take up newspaper work in the east.

Mrs. Chas. A. Stockbridge of 231 North Adams street and young son, Edward, spent the last week of the school vacation at Santa Monica and are so charmed with the place that they have taken up the matter of making a permanent home there, with Mr. Stockbridge, who will not return from his fall trip in Arizona until the middle of October. Edward reports fine fishing at Long Wharf, he having caught one halibut weighing six and one-half pounds.

Grenville E. Jones of San Fernando Road was the honored guest at a very attractively appointed dinner, given by Mr. and Mrs. Leroy S. Varney, of Pasadena, last Friday evening. After the dinner the guests enjoyed an impromptu programme in the studio. Mrs. M. L. Jones and Warren Bagby gave several pleasing selections after which all joined in singing "Marjorie." Mrs. Varney's last song. Mr. Jones was a member of the 13th Marine Corps and has recently returned from overseas.

## GOOD SUPPER AND GOOD MEETING

At the usual "Church Night" supper at Central Christian Church last evening there were between 45 and 50 present to test the cooking ability of the young people. All seemed satisfied. There was a very good attendance at the prayer meeting which followed. The subject was on the outlook for missionary work in the Philippines, Porto Rico and the Hawaiian Islands. Many took part in the prayers, and talks, making a very interesting and profitable meeting.

## GRAPE PICKING IN PROGRESS

Grape picking is on in full swing now in the big vineyards of the San Fernando Valley northwest of Glendale. While it is likely that little wine will be made, grape juice is in great demand and will probably use up most of the yield, which is quite large this year. Prices range as high as \$50 a ton for the wine grapes and more for the white ones.

## BANDITS RAID EL CENTRO

With the announcement of a Mexican bandit raid into El Centro, Wednesday, and the shooting down of two American storekeepers, the war scare seems brought close to home. The bandits escaped into Mexico and were chased some distance by peace officers, but were not overhauled. Airships are now patrolling the border constantly, looking for other raiding parties. A number of former Glendale residents now live in El Centro, so there is an uneasy feeling here over this latest development in Mexican deviltry, especially among their relatives here.

Would you rather leave your wife \$10,000 or \$50 a month for life? She would appreciate either.

The Home Life Insurance Company of New York provides this protection.

For information phone M. F. Smith, Glendale 2098-R. 14t11

## NOTICE

On account of our recent bereavement, we will not open our bakery before Tuesday, Sept. 23d. The Russell Purity Bakery, 718 East Broadway. 13t3

## LOCAL ELKS VISIT WHITTIER LODGE

A delegation of nearly 50 members of Elks' Lodge No. 1289 drove in autos to Whittier last evening to pay a friendly visit in response to a cordial invitation from the brothers there. The local officers put on initiatory work for the home lodge in the usual fine style. They were Exalted Ruler Cameron Thom; Bert Woodard substituting for Dr. Chase, Esteemed Leading Knight; John H. Fanset, Esteemed Loyal Knight; Alfred F. Priest, Esteemed Lecturing Knight; Arthur H. Dibbern, Esquire; C. E. McPeck, Inner Guard; Morris Andrews, Tiler. Capt. Wattles was there with his drill team and Herb Henning with the orchestra. Quite a sprinkling of other members of the lodge went along to make good measure. The drill team showed up in fine style in the initiatory work and the orchestra gave several selections that won hearty applause. The Whittier Lodge entertained their guests with a most enjoyable feast.

## HEACOCKS TO MOVE SEPT. 27TH

A. B. Heacock has rented his fine home at 709 East Windsor Road to Mrs. Barnett Schneider, a widow lady who recently came to California from Sioux City, Iowa, with her grown son. So anxious were they to live in Glendale to be near Iowa friends of other days, that they are camping in the large garage at the Heacock home until the house is vacated, which will be on Saturday, September 27th, the Heacocks planning to move that day to the 80-acre ranch of Dr. Munk, near Compton. Mrs. Schneider has two grown daughters, also, who will join her here later.

## THE FAMOUS PENNY SOCIAL

Friday evening of this week at the Congregational the annual Penny Social will be held.

The girls' classes taught by Miss Van Tyne Smith and Mrs. Chas. M. Van Dyke will have charge.

Among the attractions will be story telling, wizard's cavern, Mr. and Mrs. Ougi, picture show, a program, "Lord Ullan's Daughter and Music," fortune telling. Refreshments will be served.

A penny to get in and a penny to get out. The young ladies will donate the entire proceeds to the fund for a new church building.

## MORE ABOUT THE WASH

(Continued from Page One)

trees will still further strengthen the side walls of the main channel. The P. E. will build a single-track bridge to carry it across the 90-foot space and the Burbank line will branch off just north of it. A plan that has been proposed and met with some favor is for this Burbank line to branch off at Broadway, run west to Pacific avenue, then north to Milford and west to San Fernando Road, bordering a proposed industrial section located between that street and Broadway. Side tracks would extend south into this district. This is one of two solutions proposed of the Burbank Line problem.

The Louise street bridge will have to have an extension built on the north end, as the new channel is surveyed so as to eliminate the bend there in the old. It is aimed to make the channel as near straight as possible, as sharp curves, especially, cause the washing away of the banks.

Mr. Daley says his greatest trouble now is to get men for the work. Mexicans who five years ago were getting from \$1.25 to \$1.50 a day are now getting \$3.50 and the supply is limited. The Government is repatriating the thousands of peons brought in during the war to help in production. One big construction company in Los Angeles that has contracts all over the world and rarely takes a job under \$2,000,000, said Mr. Daley, is advertising constantly for men and cannot get near all they want. He was down around the plaza recently, where he formerly could round up 40 or 50 Mexicans at a time, and he got just two.

## CANNED SERMONS

Only the other day it was announced that the political campaign this fall would be characterized by "canned speeches," delivered into the throbbing ears of phonographic records in Washington, by party orators, and distributed over the country to edify audiences unreachable by stump speakers in person.

Hardly is the public reconciled to that innovation than a more startling use of the same device is proposed. It is "canned sermons."

Let no irreverent reader remark, at this point, that a good many sermons already seem to have come out of cans, or worse still, that sermons in general "ought to be canned." The proposal is seriously intended to meet a serious situation and deserves a respectful reception.

A Presbyterian conference at Lake Geneva, Wis., reports that 3,000 out of 10,000 pulpits are vacant. It is impossible to fill these pulpits, for

The Annual Children's Society Vaudeville will be given by the pupils of the school, after the completion of the Fall Term, which closes on December 1, 1919.

The Second Term of the school will open about January 1st, 1920.

A Reception will be held on Saturday, Sept. 20, 1919, from 2:00 to 4:00 p. m., for children and their mothers.

You are cordially invited to attend.

## PENDLETON'S ROUNDUP

(By United Press)

PENDLETON, Ore., Sept. 18.—Harking back to the days when the west was wild, the Roundup, Pendleton's annual frontier exhibition opened today. Five hundred cowboys, Indians, cowgirls and plainsmen will entertain the thousands of visitors during the next three days with wild steer bulldogging, bucking contests, relay races, wild horse races, wild steer roping, stage coach races and other exhibitions depicting the life of the real west.

# Ask For A Loaf

In former days the home-baked loaf was the only bread that was relished, but baking has become such a science and the housewife's days are so full that she doesn't think of baking her own bread any more.

The question now is, where to buy the most appetizing loaf, one that is baked under perfectly sanitary conditions and is composed of the best ingredients. For Glendale housekeepers the answer is

# The Broadway Bakery

Hundreds of people standing before the window at 116 West Broadway have had that hungry feeling as they saw the beautiful golden-brown loaves come from the oven, and resolved then and there to become users of Broadway Bakery bread.

## MUSIC IN THE HOME

(By Mrs. Nanno Woods)

Today we will talk about wobbly fingers. A bright little girl came to my studio the other day and played a piece for me. Oh, how her fingers wobbled! No wonder her playing lacked smoothness and precision.

If any of us grown-up folks were as broken down in the joints of our knees as was this little girl in the joints of her fingers, we would wobble all over the streets of Glendale. And what a sight that would be!

Watch your children's hands as they practice the piano. Are the joints of the fingers straight or sunken? They should be rounded. Do the fingers flop as they strike the keys? They should be firm. Does the hand move each time a finger touches the keyboard? It should remain quiet, for normal finger action must come entirely from the first or metacarpal joint, i. e., the joint by which the finger is attached to the hand.

Does it seem foolish or unnecessary to attach so much importance to finger action? If so, ask yourself: Could I expect to walk well if my knees wobbled? Then ask yourself: Could I expect to play well if my fingers wobbled? Then look at your child's fingers and satisfy yourself that they are being trained in the way they ought to go.

There are many joyful ways of coaxing the fingers to be good and to behave nicely. By appealing to the child's imagination and putting fun into the finger-work, one can teach the fingers not to wobble. Parents can obtain a folder on Piano, Elocution and Dramatic Art by applying to Mrs. Woods' Studio, 122 Milford street, Glendale. Phone 394.

## Juvenile Music Contest

A prize will be given for the most interesting letter written by any boy or girl under 16 on

## What Music Means to Me

Letters (200 words limit) must reach Mrs. Woods' Piano Studio, not later than September 26th. Winning letter will be published. Watch for next week's contest.

## FIND NO ROOM FOR POOR ST. GEORGE

(By United Press)

LONDON. (By Mail).—Famous Britishers will have to hurry up and die if they want to be buried in the national Valhalla, Westminster Abbey. There is absolutely only room for six more, and they will have to be cremated first, according to Rev. Canon R. H. Charles, who is in charge of abbey graves and interments.

The suggestion came from Australia, that the abbey should be the last resting-place of a casket of bones, alleged to be those of England's patron saint, St. George of Cappadocia, which were excavated by Australian troops in Palestine, finds little favor with Canon Charles. "I don't care 'tuppence' about his bones," he declared emphatically. "Just now I am more concerned about the remains of England, if the labor troubles don't cease.

"Anyway, there is only room for the remains of six more famous people in the abbey. I am trying to secure additional ground for interments; there are some old houses behind one of our Norman walls which will have to come down some day. I want the space reserved for the interment of the famous men. There are so many great men, nowadays, and there will be so many in the years to come, that space for six seems inadequate. If we get this space we might have room for St. George."

## CELEBRATE BOUNTIFUL HARVEST

(By United Press)

OAKDALE, Calif., Sept. 18.—The famous Oakdale Irrigation District's five million dollar crop was brought before the public today in alluring fashion, through the opening of the

## AT STUD

the handsome, vigorous, naturally hornless, true to type, pure bred Swiss Toggenburg Buck "Rex," No. 2512. As kindly as his name implies. His sire "Chieftain of Rancho 57," No. 2112—his dam the "Princess Louise," No. 739, probably the biggest and most prolific 6-quart milker on the Pacific Coast, producing 14 strong, healthy kids in four kiddings.

Rex's kids are perfect beauties. Come and see him for yourself, or call for me by phone. Service fee \$5.00, including free delivery for first 30 miles. Remember the price and don't forget the new phone number, Glen. 364.

CALIFORNIA SWISS GOAT RANCH

Near Dryden Ave., Glendale.

ing, while the din of the welcoming cheers was incessant from the Ferry to the city hall. American flags were the chief motif in the decoration of Market street and other prominent thoroughfares. There were three arches of flags spanning Market street, besides a huge floral arch, erected by the local French colony.

At the Civic Center, the President's attention was given to the coming generation. Thousands of Boy Scouts stood at attention as he stepped into the grandstand, and he was cheered in thousands of high pitched shouts as he was presented to the city's school children and the wounded soldiers and marines at Letterman Hospital. Owing to the strict orders against his speaking in the open air, the President made but a few remarks at this time.

From the Civic Center, the party repaired to the St. Francis Hotel, where a rest and conferences with state party leaders and others were on the schedule. At 12:30, he went to the Palace Hotel for his first speech in California, addressing a huge luncheon meeting of California women.

A respite from campaigning was taken after the speech when the President was taken by automobile to the Santa Clara Valley, with a visit to Stanford University, where a short talk may be made late today. After privately dining upon his return, Wilson will make his second address at the Civic Auditorium. Demand for seats is so great that it will be filled to its immense capacity two hours before the time Wilson is scheduled to speak, it is predicted this afternoon.

## THE POCKET TESTAMENT LEAGUE

Pocket Testament day will be observed at the Presbyterian Church, in Sunday School, Christian Endeavor and evening service on Sunday, September 28th.

This League furnishes many opportunities for simple, yet effective Christian work. The plan is simple, just to present to some uninterested person this attractive little Testament, asking him to sign the membership pledge which has two simple requisites, viz: "Carrying wherever you go" a Testament and "reading a chapter every day."

The decision pledge, the giving of one's self to Christ, is also presented. This work is adaptable to any believers in any work of life. It fits into any occupation or mode of living. It awakens interest in church work and special meetings in a wonderful way and it helps to line up the young people for definite work.

A Men's Bible Class in Los Angeles has one hundred per cent of its members in the Pocket Testament League. During one week they signed up seventy other men.

Six High School boys who were members of the League, within one month were the means of signing up eighty others.

The cadets as well as the instructors of a Military Academy, who are members of the League, read the Book during the short intermission at dinner time each day while the table is being cleared for the dessert.

The interest in the League grows, instead of diminishing, the longer one is a member.

ONE OF THE LEAGUE.

(By United Press)  
SAN FRANCISCO, Sept. 17.—President Wilson became the guest of California today, and his fight for the ratification of the Peace Treaty and League of Nations Covenant is to be carried personally to the people of the state electing him President in 1916, in speeches here, in Oakland, at Stanford University and in Los Angeles and San Diego during the week. It is Wilson's first visit to the Golden State since he became President.

Patriotism was rampant in San Francisco's greeting of the National Executive and his retinue this morning. Governor Stephens, Mayor Rolph and members of the Presidential entertainment and reception committee were at the Oakland Mole to greet Wilson when his special train arrived from the north at 9 a. m. Crossing the Bay on a ferry, the Presidential party reached the Ferry Building here at 9:30, amid shrieks of whistles from the Ferry building and all steam craft in that part of the harbor. Thousands of people crowded about the Ferry and joined in the cheering when the party emerged, and a strong police force was necessary to restrain those eager to glimpse the nation's executive.

Escorted by a military party from the Presidio, sailors and marines, state, city and county Democratic leaders and other persons of note, Wilson traversed Market street to the Civic Center through two solid lines of wildly cheering San Franciscans and residents of other Northern California cities. Throughout the length of his ride, Wilson was kept continually busied bowing and smiling,

## THE STORE THAT SELLS THE GLARELESS AUTO LENS

The lens that delights the man you meet on the road. It diffuses a strong and steady light without glare or flash.

EQUIP YOUR CAR WITH THE GLARELESS AUTO LENS AND COMPLY WITH THE LAW

## THE JOY OF PERFECT VISION

To look upon the everlasting hills in their majesty and ever-changing grandeur; to appreciate the delicate tints of the flowers; to see the myriads of wonders the Creator has lavished on old earth; to behold the faces of loved ones. What greater joy can life offer?

IF your vision is less than perfect, have the defects corrected while there is yet time. Consult one who is able through long experience, and the proper equipment to determine exactly what you need in the way of lenses.
